RIDGEMONT WOLVES

SOCIAL DISTANCING DECALS

Please keep in mind that the health and safety of our employees, students and those around us is our top priority, which is why we are continuing to adhere to all COVID-19 workplace regulations and guidelines from local and national government authorities.

NON-SLIP REMOVABLE VINYL DECALS

Our 7mm Non-Slip Removable Vinyl Decal is a great solution for your floors, walls, and windows. This material can be easily installed on a variety of interior and exterior surfaces, while being easily removed with minimal damage. It works on tile, wood, metal, concrete, commercial carpet and painted surfaces. It is ideal for wall and floor graphics, painted cinderblock, locker rooms, break areas and entryways within your facilities.

- Easy to Self-Install
- Clean Only with Non-Abrasive and Non-Solvent Solutions
- Last 6-12 months depending on local conditions

Social Distancing Decals

Promote safety, enhance school spirit and meet local and state requirements.

SOCIAL DISTANCE LIKE A PRO

New year. New “normal.”

Reed Ring Corp. has created Social Distancing Decals to help protect your students, faculty and staff during these challenging times.

Use them on campus to safely organize physical spaces while promoting school spirit and a sense of belonging for everyone throughout the school.

DECAL INSTALLATION INSTRUCTIONS

Installing decals is easy. Just follow the instructions below and use on clean, dry, smooth surfaces only.

1

Clean

Clean your surface with a damp cloth, using water only.

DO NOT USE SOAP OR CLEANING AGENTS.

Wait 15 minutes for the area to dry.

2

Locate

Find your desired location and align your graphic.

Grab a friend to help!

3

Apply

Find a visible corner or edge and peel off your decal.

Place in your chosen location. Using light pressure, **start at a corner** and work your way down. Decals can be repositioned and applied within 15 minutes.

4

Complete

Once you are happy with the installation of the decal, **go over the entire surface with medium pressure** using your hands or a soft, plastic squeegee (not included).

5

Wait

Wait 24 hours before cleaning the decal.

A damp cloth with warm water is recommended over cleaning agents.

Fine print

- Failure to follow these instructions may negatively affect the performance and lifespan of your product.
- Decals are intended for the following types of surfaces: glass, drywall, wood, carpet, tile, concrete. Do not use on rough surfaces like asphalt. If your surface is oily or heavily soiled, we cannot guarantee your product will perform as intended. Thoroughly clean the surface with a commercial degreaser and wait 24 hours. Wipe the area with a damp cloth and wait another 24 hours before application.
- Try not to reposition decals more than 2 times, as the adhesive may lose strength.
- Decals should last up to 6 months without tampering. We suggest locations at eye level or above.
- Heavy foot traffic or excessive wear and tear can reduce the longevity of your product.
